The Roosevelt doctrine is that with our army and big navy it will be our duty to make the other American nations honest and make them behave when they get disorderly. If the other nations can see straight, they will be apt to think that Roosevelt can find plenty of work to do at home before he tries his hand on them.

LOCAL DOTS.

—The Rev. J. R. Bridgers D. D., of Charlotte, will preach at the First Presbyterian Church Sunday evening at 6 o'clock.

—The steamer "Compton" will run her usual Sunday excursion to Southport and to sea to-morrow, leaving the city at 9:45 A. M.

—The degree of A. M. was conferred upon Rev. H. W. A. Hanson, of Wilmington, at the commencement exercises of Roanoke College, at Salem Va., this week.

—An excursion from Wilson reached the city yesterday, bringing about 300 people to the Seashore. Hatch Bros will run another excursion from Wilson July 7th.

—Policemen Frank George and J. M. Wade are now on the rounds with the dog cart. Canines upon which the tax is not paid are being carried to the police station and will be killed.

—The sixth annual meeting of the North Carolina Letter Carriers' Association will be held in Wilmington July 4th. The local carriers are arranging an excellent programme of entertainment for the visitors.

—The handsome chairs in the Y. M. C. A. auditorium have been purchased by the First Baptist Church and installed in its lecture room. The Y. M. C. A. auditorium is being converted into a first-class gymnasium.

—Mr. J. Victor Grainger, cashier of the Murchison National Bank of this city, was elected first vice president of the State Bankers' Association at the close of its sessions in Asheville, N. C. on Thursday.

—In an interesting game of baseball yesterday afternoon the "Young American Giants" defeated the "Old Reliables" by the score of 11 to 3. The batteries were Moore and Sallings for the "Giants," and Bullock and Alderman for the "Reliables."

—The annual examination of teachers for certificates to teach in the public schools of New Hanover will be held on the second Thursday in July. Superintendent Catlett says there are a number of vacancies to be filled during the coming year.

—In the Juvenile Baseball League the M. S. G. and S. S. R. teams will meet for the third game of the series at Seaside Park and the Railroad Juniors and Financiers will meet at Seventeenth and Market streets. The game will be called at 3:30 P. M. The public is cordially invited.

—Bill Doe, colored, drunk and down on Harnett between, Third and Fourth streets, was sent to the roads for 30 days by the Mayor yesterday. George Ward, colored, drunk and down and disorderly at Fourth and Swann streets Thursday midnight, was fined $10 and costs. The arrests were made by Policeman J. J. Johnson.

—In its report of the annual election of officers of the North Carolina Building and Loan League at Wrightsville yesterday the name of Mr. D. C. Love, of Wilmington, as first vice president, was inadvertently omitted. President Wiitkowsky in calling attention to the omission of Mr. Love's name says that Mr. Love has been an efficient officer of the League since its organization and has contributed no little to the success of the organization.

Pythian Delegation Returned.

With the exception of Mr. H. E. Bonitz, who arrived the night before, and Mr. W. C. Smith, who stopped in Greensboro to visit friends and relatives, the Wilmington delegation to the Grand Lodge, Knights of Pythias, at Winston-Salem, returned yesterday morning, reporting a great meeting of the brotherhood and excellent entertainment of the visitors. Grand Chancellor Robertson was congratulated on all sides upon his ascendency to the highest position in the gift of the order in the State. There is already a movement on foot among the four lodges of the city to give him a royal formal welcome upon his return to the city at the head of the order upon the occasion of the regular weekly meeting of Stonewall Lodge Monday night.

Postal Clerk Poisoned.

Railway Mail Clerk Luther McNeill, who arrived on the Charleston train late last night, was very ill from the effects of eating some ice cream shortly before his train left the South Carolina city yesterday afternoon. Postal Clerk Gregory, of the Wadesboro and Florence run, accompanied the sick man to Wilmington where he was met at the station by Postmaster Wallace and Dr. D. W. Bulluck. Mr. McNeill was much better when he reached here, though he had been laid up for most of the trip from Charleston.

Boys' Brigade Excursion.

A large party of young people patronized the excursion of the Boys' Brigade to Carolina Beach yesterday and all had a most delightful time. Music, dancing and refreshments were the features. There was a late boat from the beach at midnight, bringing home a large number of folks after a delightful day's outing.

WIND UP BUSINESS.

Mr. N. F. Parker, Furniture Merchant, Makes Deed of Trust to L. V. Grady, Esq.

CREDITORS PAID IN FULL.

Statement of Assets and Liabilities Warrant That Assumption—Retires from Business Upon Recommendation of His Physician.

For the purpose of winding up his business and making full settlement with his merchandise creditors, Mr. N. F. Parker, wholesale and retail furniture dealer at No. 206 North Front street, on yesterday made a deed of trust to L. V. Grady, Esq., trustee, who will dispose of the stock and other assets and otherwise close up the business as may be deemed best and for the interest of all concerned. The deed of trust was filed early yesterday afternoon at the Court House and sets forth that whereas Mr. Parker, by reason of sickness, is unable further to conduct the business and his physicians have advised him to retire from business in order to regain his health, and that whereas he is indebted to various and sundry creditors, is amply solvent and able to pay his debts from his assets and desires to pay the same in full, by an equitable and just distribution of his stock of goods among the creditors of his mercantile business, he conveys to L. V. Grady, trustee, all the goods, wares, merchandise, etc., in his store at No. 206 North Front street and in the warehouse on Second, between Market and Princess streets, together with horses, wagons, etc, belonging to said business, to be sold at either public or private sale as may be deemed best, retaining clerk hire, attorney's fees and all other expenses, and then distributing to all the creditors whose debts have arisen out of or concerning the business, any and all moneys derived from the sale of the property pro rata, according to their respective claims, in dividends from time to time as the funds may admit until the whole of the amounts due the creditors shall be paid in full. After the payment of all the debts in full, the residue is to be paid to Mr. Parker.

In a schedule prepared by Mr. Parker, it is shown that the assets amount to about $9,236 and the liabilities $4,250, leaving a surplus of nearly $5,000. Only about $1,000 of the assets are in debts to the business, nearly the whole amount being in the stock of new furniture, perhaps the finest in the State.

Mr. Grady, the trustee, will retain Mr. F. G. Dosher in charge of the store and will dispose of the stock at Trustee's sale as rapidly as possible. Mr. Parker requires of the trustee a bond of $10,000 to secure both himself and his creditors, the same having been given yesterday afternoon.

Mr. Parker's health has been failing rapidly for 18 months and his physicians said that his retirement from business was imperative. After a three months illness last April he was forced to go to the mountains for two months, but he improved little and again became ill in December, being confined to his home for two months. He reluctantly gives up business, but hopes after regaining his health to resume. His many friends hope that his improvement will be rapid and that the disposition of the stock may in every way be satisfactory. Mr. Parker will spend the Summer at Southport.

LOCAL PORT PARAGRAPHS.

Cotton and Naval Stores—Steamer With Kainit—Pineapple Cargo.

Spirits was firm at 52½c. bid on the the local market yesterday.

British steamer "St. Oswald" arrived yesterday from Bremen with cargo of kainit which will be discharged at the Carolina Central warehouses. She came up drawing over 20 feet of water and went slightly aground near Big Island.

A representative of the Booth Packing Company, of Baltimore, arrived Thursday night and has decided to ship the cargo of pineapples aboard the schooner "Eugenie" by rail to Baltimore. The cargo was being discharged at the A. C. L. wharves yesterday.

Naval store receipts the past week showed gains over last year in all items except spirits turpentine. The figures were as follows: Spirits, 635; rosin, 2,208; tar, 602; crude, 990. Same week last year: Spirits, 667; rosin, 1,791; tar, 174; crude, 602. Cotton receipts for the week were 18 bales against 5 same week last year.

Negro Showman Arrested.

Arthur Howe, a Wilmington negro who returned a few days ago with the Rabbit's Foot Minstrel Co. and who left the show here, was charged in Justice Fowler's court yesterday by the proprietor of the outfit, with the larceny of a trunk and other paraphernalia, Howe having been arrested Thursday night on a telegram from Pat Chappel, his employer, who discovered at Goldsboro that Howe had "jumped the game." The evidence was not sufficient to convict the negro of the larceny of the property and he was discharged. Howe swore that the paraphernalia was his own personal property and Chappel swore that it belonged to the show. The preponderance of testimony was lacking. Later, Chappel and Howe made friends and they both left last night to rejoin the company.

The Club has been invited to join the Trap Shooters' Association, of North Carolina which is composed of the eleven organizations of the State at Greensboro, Asheville, Charlotte, Rocky Mount, Wilson, Newbern, Salisbury, Reidsville, Weldon and Durham. The State Association is planning a big tournament at Raleigh on Aug. 9th and 10th. Secretary Loder, of the Wilmington Club, would be glad to receive the application of all who desire to enter the State organization, as only members of it will be permitted to shoot in the inter-city matches. The yearly dues are only $1.

THEY LEFT FOR EUROPE.

Mr. W. H. Sprunt Kindly Remembered by Associates on Hospital Board.

Messrs. James and William H. Sprunt, of Wilmington, and Mr. Thos. P. Sprunt, of Charleston, left last night for New York, whence they will sail next Tuesday on the steamship "Kaiser Wilhelm Der Gross" for Europe, spending six weeks abroad on business and pleasure.

It having come to the knowledge of the Board of Managers of the James Walker Memorial Hospital that Mr. W. H. Sprunt, a member of the party and the honored vice president of the Board, contemplated leaving on the evening train, the members of the Board called upon him at his office to express their appreciation of his services to the institution and to wish him God speed on his journey.

Capt Walter G. MacRae, the president, made a neat little address and presented to Mr. Sprunt, with the compliments and good wishes of the Board, a neat scarf pin, which will be at all times a gentle reminder of the kind feelings entertained by his fellow-members. Mr. Sprunt gracefully acknowledged the little gift—not for its intrinsic value, but for the spirit of its donors.

MAKING THE CASINO ATTRACTIVE.

Free Exhibition of Moving Picture Machine and Other Features Being Added.

The Consolidated people are endeavoring in every way to make the Casino at Wrightsville Beach attractive. One of Edison's latest kinetoscopes has recently been installed and the first exhibition of moving pictures was given last night. The attraction is free to the public and an exhibition will be given each night during the season except on Monday and Thursday evenings of each week, when there will be dancing. There will be a change of films each week. The bill this week includes "The Midnight Intruder," "Laplanders and Deer," "Stop Thief!" "Diving" and the "Story of Puss in Boots." A Regina music box will be added next week. A first class orchestra is also being organized for the Casino this Summer. A number of mutoscopes or revolving picture slot machines have just been added.

Progress of Street Work.

Capt. J. M. Woolard, superintendent of streets, reports that the department has just completed the fine macadam on Walnut, from Front to Fifth street, and has the first two layers of rock on Grace, from Fifth to Seventh street. The force has also commenced the macadam on Chesnut, from Fifth to Seventh street. Material is now being received from the quarry at the rate of from 90 to 100 tons per day and the permanent improvement is progressing satisfactorily in every respect.

Died from His Injuries.

Archie McNeill, an 18-year old negro, who was injured at the Navassa Guano plant up the river a few days ago, died Thursday at the James Walker Memorial Hospital. McNeill was engaged in pushing a dump car loaded with fertilizer material on trestle work in the factory, and fell from the elevation, the car falling on him. He had a compound fracture of the thigh and a broken arm. His death, however, was due to concussion of the brain.

MISSIONARY UNION.

Women Workers of Wilmington Presbytery Returned from Meeting at Faison.

ELECTION OF ALL OFFICERS.

Interesting Addresses and Papers Heard by Organization—Sermon by Rev. T. D. Johnson and Discourse by Rev. Lacy I. Little.

Delegates to the annual meeting of the Woman's Missionary Union of Wilmington Presbytery at Faison, N. C., on Wednesday and Thursday of this week returned yesterday. All report a most interesting and profitable session and speak in the highest terms of the hospitality of the good people of Faison, who entertained the Union handsomely. The following officers were elected for the ensuing year:

President—Mrs. Jackson Johnson, of Town Creek.

First Vice President—Miss Eliza W. Murphy, of Atkinson.

Second Vice President—Miss Margaret Peirce, of Warsaw.

Corresponding Secretary—Miss Annie D. Moore, of Burgaw.

Recording Secretary and Treasurer—Miss Mary DeVane, of Faison.

Agent for Young People's Work—Mrs. J. C. Stewart, of Wilmington.

The union decided to hold its next annual meeting in the First Presbyterian church of Wilmington with Prayer and Praise Day exercises at Wallace in October.

The opening session was held at 11:30 A. M. Wednesday, the address of welcome having been by Miss Winnifred Faison, of Faison, and the response by Mrs. W. H. Sprunt, of Wilmington.

Wednesday afternoon the Young People's work in the Mission Union was discussed and Mission Progress in China, Brazil, Mexico, Japan, Africa, Corea and Cuba was reviewed with some appropriate recitations.

On Wednesday night at 8:30 Rev. T. D. Johnson, of Burgaw, addressed the Union on "Bible Study in the Interest of Foreign Missions."

Thursday morning Foreign Mission Work was discussed and in the evening Home Missions were considered. Interesting addresses were made by Mrs. J. S. Crowley, of Wilmington, who spent some time with her husband in the foreign field, and by Miss Mary Stuart, of Faison, who has only recently returned from a trip through the Holy Land. These addresses with other papers and essays by members of the union were very much enjoyed.

Thursday night the Union listened with rapt attention and great pleasure to a fine address by the Rev. Lacy I. Little, of Charlotte, a co-worker until a few years ago with Dr. Geo. C. Worth, of Wilmington, in China. Rev. Mr. Little's address was uplifting, inspiring.

Delegates to the Union were very much disappointed and very much inconvenienced by reason of some misunderstanding in the matter of reduced railroad rates which were not given. However, the sessions at Faison were the most pleasant in several years.

WILLIAM H BERNARD

WILMINGTON, N. C.

SATURDAY MORNING, JUNE 18.

TROUBLE AHEAD FOR THE STAND PATTERS.

The Roosevelt administration has a treasury deficit of $54,723,940 for the month of May only. That gives them an excuse to "stand pat" on the high tariff if they win, for it takes healthy revenue to wipe out deficits. If the Democrats win they will have to wipe out this inherited deficit and probably a larger one, but we will worry along with this burden and at the same time revise the tariff so as not to protect the trusts and moreover equalize the burdens which a tariff for any purpose places upon all classes of people.

It strikes an observer as an astonishing thing that enough American voters can be found to willingly go to the ballot box and give another lease of life to a party that maintains such an open, unblushing tariff for the benefit of a few that pile up millions while the mass of people struggle to make both ends meet. On the other hand, the Democratic party can be trusted with the passage of tariff laws that will relieve the people and not do injury to any legitimate industry in America.

The present deficit is really a small matter which shows that Congress made more appropriations than there is revenue to provide for at the present time, but it is nevertheless an indication of the extravagance of Republican legislation, which, if kept up, will make a high tariff absolutely necessary under any party that undertakes to administer the government under the universally prevalent idea among Congressmen that it is distinguishing evidence of their ability and efficiency and of their fidelity to their districts to pull as many appropriations as possible out of the national treasury.

Republicans especially, and many Democrats, we are sorry to say, go to Congress more imbued with paternalism than statesmanship—the main idea being to get an appropriation. People imagine when they get something out of the government they have gained that much, forgetting that they foot the bill after all. Every cent that the government appropriates and expends for any purpose has to first be paid in by the people by means of direct or indirect taxation such as a tariff law that hits every consumer, rich or poor, but protects a large class of already rich producers.

The Democratic party, through its National convention at St. Louis on the 6th of July, will make a clear declaration of its purpose to relieve the people of the burdens of a high tariff. The Republican party has already promised the protected classes that they will "stand pat" on the policy that shuts out reasonable competition and compels the people to buy at the high prices that are fixed arbitrarily by combines and favored ones.

The Republican party, as usual, will attempt to show that protection is for the benefit of both the manufacturer and the workingman, but as the laborer's share first goes into the hands of the really protected class, the workingman will hardly forget that he has to get his share through organized labor unions and in many instances through strikes. The money of the protected class comes easy, but the workingman has to "fight" for what is coming to him, for some strikes have a very close resemblance to war.

With the people brought to their senses, their ought to be trouble ahead for the "stand pat" aggregation.

THE COST OF LIVING.

The increased cost of living under the Republican protective tariff is giving considerable concern to Roosevelt's friends. In the very opening speech of the campaign at Wilmington, Del., several nights ago, Secretary Shaw, feeling confident that the Democrats were going to ring the question in this campaign, tried to explain the matter to an audience of workingingmen. In one breath he told them with an assumption of pride that he hoped never to see anything cheap again. In the next instant he assured them that statistics would soon be coming from an official source to prove that wages had increased more than the price of living.

That was a plain intimation from Secretary Shaw that some of the Departments at Washington would soon be sending out statistics for political effect. Shortly afterwards, Secretary Cortelyou, of the Department of Labor and Commerce, began sending out statistics to show that wages had increased more than the cost of living had. Congressman Cowherd, chairman of the Democratic Congressional Campaign Committee, promptly and very properly made complaint that Secretary Cortelyou was using his department and taking up the time of the government employes in mailing campaign documents all over the country. But what is it a Republican won't do? They think the earth and the fullness thereof is the G. O. P's and will even scandalize a government department to keep the rotten party in power.

The Philadelphia *Record*, which goes loaded with statistics and facts, or knows where to lay its hands on them, takes the wind out of Cortelyou's partisan statistics. Says the *Record*:

We are already getting political statistics compiled by a Government Bureau, directed by the gentleman whom the President has selected to conduct the national campaign. The Bureau of Statistics announces that the cost of living last month was less than in May, 1903. This is evidently a part of the effort promised by Secretary Shaw to prove that prices have advanced less than wages. The highest authority on prices in this country is *Dun's Review*. Its tables go back forty years; its price figures are weighted according to the quantities of the commodities consumed, so that its index figures are an actual indication of the cost of living; and it is a strictly commercial enterprise, entirely free from any suspicion of a motive for twisting facts to support a cause. Its index figures for May 1st and June 1st last year and this are as follows:

May 1, 1903	98.561
June 1	98.936
May 1, 1904	102.208
June 1	100.951

Any political statistician who attempts to controvert these figures invites a very strong suspicion that he is more interested in the Presidential campaign than he is in facts. The cost of living is higher than a year ago. Are wages higher, and are more men employed than were a year ago?

SUFFERED A THOUSAND DEATHS

Five Physicians had done their best to cure James Wilkes, of Dillon, S. C., who had one of the most terrible cases of RHEUMATISM on record. They all failed until one doctor prescribed—

Rheumacide

IT CURED HELPLESS CRIPPLE.

Mr. Wilkes writes in the course of a long letter, dated August 18, 1902:

"My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. F. Ewing, of Dillon, told me to try your RHEUMACIDE. I began to take it, and before the first bottle was used up I began to get better. I used 5½ bottles and was completely cured."

Dr. J. F. Ewing confirms Mr. Wilkes' statement in every particular.

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 17.—The cotton market opened weak at a decline of five to eighteen points with the old crop months showing the greatest losses under liquidation and bear pressure following very disappointing English cables and continued favorable weather. The new crop months continued to show relative steadiness during the entire session, being sustained by the covering of a large short interest and buying by spot houses and spinners in spite of the persistent selling by wire houses with Southern connections said to represent the operations of planters hedging their prospective crops as a result of the recent improved growing conditions. This demand, however, was not suffic ent to prevent declines in the face of the weakness of July and August and of the indications for continued favorable weather, and in the early afternoon the whole list ruled very weak with July breaking through the eleven cent mark to 10.93, while August sold at 10.50, October at 9.55 and December at 9.48, these being at losses of thirty-four to thirty-six points on the old crop and of ten to twelve points on the new crop positions. Later the market was a little steadier on covering and reports of large clearances from New Orleans, but was finally at just about the lowest level of the session, steady in tone, at a net decline of thirty-three to thirty-five points on the old, a decline of fifteen and seventeen points on the new crop months. The old crop positions showed great sensitiveness during the entire session, selling down easily and then rallying several points on comparatively light orders. In a general way the selling seemed to come from New Orleans and the South, while the Wall street interest were the buyers. Total sales of futures were estimated at 300,000 bales.

NEW YORK, June 17.—Cotton was quoted quiet at 11.70c, net receipts — bales; gross receipts 784 bales; stock 62,382 bales.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhœa. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. j

KIDNEY DANGERS

Diseases of the Kidneys, Bladder and Urinary organs are on the increase to an alarming extent, and often a dangerous stage is reached before the victim is aware of his affliction. Immediate attention should be given to the first symptoms, no matter how slight they may appear. Pains in the back, Dizziness, Irregularities and change in color of urine, frequent desire to urinate, etc., are warnings of nature of a derangement of these important organs.

STUART'S GIN AND BUCHU is a tested remedy for these diseases, and has made some wonderful cures. It acts immediately, and its curative power is seen at once. It can be relied upon even in advanced dangerous stages of the disease.

Samples Sent Free.

Everyone is invited to test this remedy free, and a trial sample will be sent without cost to all who send their name and address to STUART DRUG CO., Atlanta, Ga.

SPIRITS TURPENTINE.

— Salisbury Sun, June 16th: The expressions of sympathy for Judge Parker appear to have been premature. He walked away with every convention held yesterday.

— Raleigh Times: The appointment of a negro to a clerkship in the Charlotte post office is a good contribution to the campaign fund. It takes Northern people a long time to learn any sense about the negroes. The worst thing about their silly actions is that it always hurt the negroes.

— Durham Sun: Teddy's color scheme is continuing to have effect. The Charlotte postmaster has recommended the appointment of a negro to a position as clerk in the postoffice in that city. This recommendation was made over the heads of several eligible white men who were applicants for the position.

—Mr. Fred A. Lewter, who went from Halifax, N. C., to Florida, twenty years ago, is on a visit to Scotland Neck with his daughter, Miss Erma. They are the guests of Mr. W. A. Dunn. Mr. Lewter settled at Orlando, Fla., and has made a fortune in the real estate business. He has a side line in a $50,000 poultry farm, says the Scotland Neck Commonwealth.

— Raleigh Times: A woman is to be hanged soon in New Jersey unless the Governor shall interfere with the sentence, and this does not now seem probable. No civilized State ought to hang a woman. She can be placed in confinement with little probability of escape. This woman may deserve death according to the law, but still she is a woman, and for that reason, if no other, she ought not to die upon a gallows.

— Raleigh Enterprise: North Carolina has forty-three hosiery mills and more than two hundred cotton and woollen mills. The State may be termed the "Massachusetts of the South." —— Just for fun somebody might ask Mr. R. B. Glenn to show a certain letter he once claimed he had from Grover Cleveland in which that gentleman shouted for free silver, so he said.

— The Carteret Democratic county convention at Morehead City on Thursday endorsed Governor Aycock's action in the matter of the Atlantic and North Carolina railroad, but favored a lease of the road in a way that will safeguard the interests of citizens along the road and pay the State and private stockholders fair compensation. Hon. Chas. R. Thomas, for Congress, and C. L. Abernethy, Esq., for elector, were endorsed.

— Newbern Journal, June 16: To-day bids fair to be the biggest in the shipment of potatoes of the season. At 4 o'clock this morning there were fifteen hundred barrels of potatoes on pier No. 2 of the Atlantic & North Carolina Railroad and seven boats, averaging three hundred barrels, at the wharf awaiting transfer to the cars. The average shipment by rail for the week has been sixty cars per day, and by water the shipments have been as large.

— Col. F. H. Fries, of Winston-Salem, was elected president of the North Carolina Bankers Association, at the closing meeting at Asheville on Thursday. Other officers were elected as follows: Vice president, J. V. Grainger, of Wilmington; second vice president, J. C. Brasswell, of Rocky Mount; third vice president, J. F. Wiley, of Durham; secretary and treasurer; C. N. Evans, of Charlotte. Executive committee: Lee H. Battle, of Greensboro; Geo. W. Montcastle of Lexington; Thos. J. Latham, of Washington, and J. L. Little, of Greenville. Delegates to the American Bankers Association: R. L. Watts, of Reidsville, and Capt. W. T. Olds, of Elizabeth City.

— Scotland Neck Commonwealth: When was Halifax county Democracy without a platform? Thinking over the county convention which was held two weeks ago, it has just dawned upon us that there was not a word said in the convention about a platform! Perhaps no convention has been held in the county in many years when the "leaders" knew so little about what was going to be done. This is about the colloquy that occurred between two leaders from different townships before the convention was called to order: "How is your delegation?" "It is solid." "Solid for what?" "I don't know." And there it was; and that was it. One thing is sure—there was no "ring ticket" nominated. But why did Halifax Democrats not say something about a plotform?

—Winston-Salem *Sentinel*: The question of who is the richest man in North Carolina having been raised by the Charlotte *Chronicle*, which claims that one of its citizens "can show two million for every one million that any other man in the State can show," an opportunity is afforded the several towns having millionaires to trot out their men and make comparisons. Durham could produce a few of greater wealth, if common reports be true. Certainly they have given evidence of really having fortunes running into the seven figures by their magnificent gifts to educational, religious and other charitable institutions. One of them is reputed to be worth $10,000,000 or more. Winston-Salem, too, may in all modesty boast of one or two men that are in the Charlotte millionaires class, if not ahead of him.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

CURRENT COMMENT.

—— The Philadelphia papers are calling on the South to come up and help solve the negro problem All that the North has needed to render it rational on this subject is a real live negro problem of its own.—Augusta Chronicle.

—— Hearst's Chances: Can these delegates who are instructed to vote for Mr. Hearst at St. Louis, "as long as he has a chance," consistently cast a single ballot for him?—Newark News.

—— The President can best answer Mr. Tyner's appeal for justice by promptly and fully admitting that he made a mistake in condemning him before trial. Every one makes mistakes. Sometimes we think that life is made up almost altogether of mistakes. They are best disposed of by honest confession, accompanied by a determination not to make that particular mistake again. If one persists in error, however, especially when error is hurtful to one's neighbor, he is not only unwisely obstinate but deliberately unfair, and is rightly to be condemned by all honest-minded men.—Mobile Register.

Can anything be worse than to feel that every minute will be your last? Such was the experience Mrs. S. H. Newson, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

SATURDAY MORNING JUNE 18.

SUICIDE IN JACKSONVILLE.

Prominent Attorney of Chicago Cuts His Throat With a Razor—Had Lost $10,000 Speculating in Stocks.

By Telegraph to the Morning Star.

JACKSONVILLE, FLA., June 17.—Charles S. McCoy, a prominent attorney with offices in the Atwood building, Chicago, committed suicide this morning, by cutting his throat with a razor in a bath tub at a hotel here.

McCoy, it is said, in the last few days, had lost $10,000 by speculating in stocks on Wall street, through a local firm. He was in Jacksonville, looking after a suit of John L. Davis against the Seminole Hard Rock Phosphate Company. To Judge Challen, who was associated with him in the case, he left a letter saying:

"During these months the demon of speculation has had me in its grip and I am as powerless to resist it as any drunkard his dram or gambler his game. The course I am taking is considered the wise one. Please do what is needful. Communicate with Mrs. McCoy, 9116 Longwood, Chicago."

On the dresser in the room at the hotel were found several letters, together with the following that he had written:

"Clock just struck 5 A. M. In a few minutes more I'll be ready, if I have the courage. 7:45—I am a coward after all. 10:05—Still resisting—O, God, have mercy; the way of the transgressor is hard and the wage of sin is death!"

The bed was undisturbed, showing that the man had not slept any during the night. McCoy was said to be a man of exemplary habits.

SITUATION IN TANGIER.

Raisuli Informed That His Demands Have Been Complied With.

By Cable to the Morning Star.

TANGIER, June 17.—News has been sent to Raisuli through the Shereef of Bazzan that all his demands have been complied with.

The authorities hope that the landing of some 400 Moorish troops here yesterday will not upset the arrangements, and this is now the only thing which threatens difficulties. These troops are of the worst type, and though they were ostensibly sent by the Sultan for the protection of Europeans the residents of the city continue uneasy because the troops have no discipline whatever and endanger life and property.

A British steamer is momentarily expected with the remainder of Raisuli's following who were imprisoned at Larache.

The authorities express the hope that Messrs. Perdicaris and Varley will reach Tangier on Monday next.

THE WORLD'S COTTON.

Total Visible Supply as Shown by Secretary Hester's Statement.

By Telegraph to the Morning Star.

NEW ORLEANS, June 17.—Secretary Hester's statement of the world's visible supply of cotton, issued to-day, shows the total visible to be 2,250,032 bales, against 2,308,041 last week and 2,374,599 last year.

Of this the total of American cotton is 1,197,032 bales, against 1,277,441 last week and 1,270,599 last year; and of all other kinds, including Egypt, Brazil, India, etc., 1,053,000 against 1,031,000 last week and 1,104,000 last year.

Of the world's visible supply of cotton, there is now afloat and held in Great Britain and continental Europe 1,274,000 bales, against 1,326,000 last year; in Egypt 126,000 against 38,000 last year; in India 503,000 against 709,000 last year, and in the United States 347,000 against 310,000 last year.

TO STIR UP TURKEY.

Combined Fleets of Admirals Barker and Jewell to Make a Demonstration.

By Telegraph to the Morning Star.

WASHINGTON, June 17.—The American battleship squadron, commanded by Rear Admiral Barker, has sailed from Lisbon on a visit to the ports of Greece and Australia. It is reported that after spending a few weeks there, Admiral Barker will be reinforced by the European squadron under Rear Admiral Jewell, and this formidable fleet will pay a visit to Turkish waters about the time Mr. Leishman, the American minister, takes up in earnest again his negotiations with the Porte to insure for Americans in Turkey the same rights as are enjoyed by citizens of some privileged European nations.

ADVANCE GUARDS OF HOSTILE ARMIES

Russian and Japanese Forces Reported to be in Collision Near Tashichao.

GEN. STAKELBERG'S RETREAT.

His Casualties Not Definitely Ascertained--The Vladivostock Squadron. Gen. Kuropatkin to Command the Port Arthur Forces.

By Cable to the Morning Star.

LONDON, June 17.—The "Daily Mail's" New Chwang correspondent says:

"The advanced guards of General Kuroki's army are colliding with the Russian forces fifteen miles south of Tashichao."

The "Daily Mail," in an editorial, says it thinks that the correspondent is mistaken and that the force is a fresh Japanese army, under General Nodzu, moving from Siu-Yen to intercept General Stakelberg's retreat.

ST. PETERSBURG, June 17.—General Stakelberg telegraphs from Vantsolin that his army is resting there. His casualties have not yet been definitely ascertained. General Nodzu's army is resting at Vafangow and is not expected to advance for a couple of days.

The advance of General Kuroki's forces beyond Siu-Yen to cut off Stakelberg's troops is not causing apprehension.

The correspondent of the Associated Press is informed on good authority that a Russian force has been concentrated between Kai-Chou and Hai-Cung to cover Stakelberg' retreat.

Vladivostok Squadron.

TOKIO, June 17.—It is probable that fog has again saved the Vladivostok squadron. Many rumors are extant of an action at sea, but they are not confirmed. The Russian ships were first sighted off Okino Island at 8:30 A. M., June 15, by a patrol boat, which reported the fact to Vice Admiral Kamimura, at an unknown base, who left in pursuit with his whole squadron. At 9:30 A. M. on the same date Vice Admiral Tsunoda, commanding the Takeshiki naval station, received information of the enemy's appearance off shore and immediately dispatched a flotilla of torpedo boats in chase, but the wind, rain and fog which prevailed prevented them from doing effective work. During the afternoon the storm increased. Vice Admiral Kamimura with his squadron is still chasing the enemy. The fate of the transport Iseuma is still unknown.

LONDON, June 17.—The Japanese legation has received a dispatch from Tokio announcing that the Russian Vladivostok squadron was sighted off Oki island yesterday.

Transport Survivors.

NAGASAKI, JAPAN, June 17.—Seventy-three survivors from the transport Sado arrived here today. They escaped in a water boat and contrived a sail from the awning. They met a steamer off the island of Iki at 5 o'clock yesterday afternoon and were towed to a point near Nagasaki. The survivors say that the Sado's engines were disabled after a few shots had been fired by the Russians. When the survivors left the scene the Hitachi was still afloat.

Sunk in Collision.

TOKIO, June 17.—The steamer Katuno was sunk of Moji last night as a result of colliding with the steamer Yamatokan. Both vessels were on their way to rescue survivors of the transports Hitachi and Sado.

Refugees From Port Arthur.

CHE FOO, June 17.—Two thousand Chinese, chiefly small merchants, arrived here to day in junks from Port Arthur. After the Chinese were ordered out of Port Arthur the Russians commandeered all the provisions and cattle. Fighting on both land and sea was continuous. The result is not known to the Chinese. The latter believe that the Russians are unable to hold out and are preparing to destroy the place.

There were also several arrivals here from Dalny to-day. They were also ignorant of the result of the recent fighting. They say that fully 150,000 Japanese, including coolie carriers, have landed on the Liao Tung peninsula.

Gen. Kuropatkin.

LONDON, June 18.—The correspondent of the Daily Chronicle at Yinkow in a dispatch dated June 17th says that General Kuropatkin left Liao Yang Wednesday last to assume command of the army operating towards Port Arthur.

Port Arthur Squadron.

ST. PETERSBURG, June 17.—A dispatch received from Vladivostok today showing the commander there is getting rid of the remaining civilian population strengthens the belief here that preparations are being made at Vladivostok for the reception of Rear Admiral Withoft's squadron, when it comes out of Port Arthur, and that active operations against the city are imminent. The dispatch does not mention the Vladivostok division. The admiralty denies knowledge of the whereabouts of the Vladivostok squadron.

TOKIO, June 18, 10 A. M.—The Vladivostok squadron was sighted in the western entrance of the Tsugaru straits at 5:30 A. M. It is thought the squadron will return to Vladivostok to day. The whereabouts of the pursuing Japanese fleet is unknown.

ASSOCIATION DAY.

Exercises at the Southern Conference Y. W. C. A. at Asheville.

By Telegraph to the Morning Star.

ASHEVILLE, N. C., June 17.—A crowd gathered at the Normal and Collegiate Institute this afternoon to witness the "Association Day" exercises, which were participated in by 275 delegates to the Southern Conference Y. W. C. A., which is in session at that place. The drill was under direction of Miss Pennington, of Atlanta, Ga., and Miss Hopper, State secretary for the Carolinas in the Y. W. C. A. To-night the exercises were concluded by the "Lantern Drill."

Seven hundred dollars was raised at the conference held this afternoon, the money to be used for defraying expenses of the session.

Robert Speer, of New York, a member of the International Committee Y. M. C. A. will arrive to-morrow and address the conference to-morrow night and Sunday.

Frankie Neil, of San Francisco, last night in Chicago, demonstrated that his winning of the batam weight championship from Harry Forbes, in their contest last winter, was not an accident as had been claimed by many people. In order to settle the matter Neil and Forbes met in a six-round contest and before the third round was half over Forbes was completely knocked out.

GREAT EVENT OF THE MOTORING WORLD.

International Race for the James Gordon Bennett Cup Won by France from Germany at Saalburg

By Cable to the Morning Star.

SAALBURG, GER., June 17.—France, represented by Thory, to-day won the fifth international motor race for the James Gordon Bennett cup, the great event of the motoring world, from Jenatzy, of Germany, the holder of the trophy, by 11 minutes and 18 seconds, after a magnificent speed test of 348 miles over a difficult and dangerous course. Decaters, of Germany, was second 45 minutes and ten seconds behind Jenatzy. Thory's total hours were 5:50.3; Jenatzy's, 6 hours, one minute and 21 seconds.

The weather conditions could not have been improved upon, and throughout the long day enthusiasm ran to the highest pitch. Fortunately the race was not marred by any serious accident, which, owing to the difficult nature of the course had been gloomily predicted.

It was a vast and brilliant cosmopolitan assemblage which greeted the winner of the trophy, and apparently his nationality and the fact that the German champion had been beaten on a German course in no way lessened the generosity of the ovation accorded the Frenchman. Emperor William, himself, who with the Empress was an interested spectator, was the first to extend congratulations to France.

The start was made punctually at 7, a flourish of trumpets signalling the departure. Jenatzy, on shooting past the royal stand, saluted the Emperor and Empress. The other cars, eighteen in all, were started at regular intervals of seven minutes. The only American in the race was Murdock, who drove an American car.

The motors went off at a very fast pace, the leaders doing a mile a minute. Jenatzy narrowly escaped a catastrophe early in the race. At the bottom of a long straight incline, approaching the village of Wehrheim, is a level crossing. Jenatzy was nearing the bottom of this incline, which is the fastest bit of the whole course, when the frantic shouts of the spectators induced him to slacken his speed. A few seconds later Jenatzy came in sight of the crossing and saw thereon a locomotive right in the middle of his course. But for the fact that he had previously slackened his speed Jenatzy must have met with disaster.

TRAIN HELD UP BY MASKED MEN.

Express Car Entered and the Safe Dynamited and Robbed—Amount Taken Said to be About $65,000.

By Telegraph to the Morning Star.

BEARMOUTH, MONT., June 17.—Masked men held up the north coast limited Northern Pacific passenger train, east bound, about a mile and a half east of this station last night. After bringing the train to a stop they dynamited the express car, blew open the safe and secured its contents. The amount secured is reported to be $65,000, though this is denied by railroad officials. After blowing out the rear lights of the train the men disappeared.

The hold-up was similar to the one which occurred two years ago at nearly the same spot, and in which Engineer O'Neal lost his life. The hold-ups boarded the tender of the engine at the water tank at Bearmouth and after having remained quiet until the train had gone a mile and a half they crawled up over the coal and covered Engineer Wade and Fireman Reed with their guns and told them to throw up their hands. Engineer Wade was then commanded to bring his train to a standstill and immediately complied. The engineer and fireman were ordered from their engine and with the hold-ups went back to the express car. Before making an effort to gain an entrance they forced the engineer to light a cigar. The express messenger was commanded to open the door but refused. The engineer was next commanded to light a stick of dynamite, of which explosive the robbers had a large quantity, and he placed the lighted stick against the car door. The force of the explosion completely wrecked the door and the engineer and fireman were compelled to precede the hold-ups into the car. When admission was gained the hold-ups at once directed their attention to the strong box. Five sticks of dynamite were placed on top of the safe and ignited but the force of the charge was insignificant and another one with a larger cap was used. The second one exploded with terrific force, blowing out the side of the car and throwing the safe a distance of forty feet.

The rear brakeman, the moment he understood what had happened, slipped off the rear of the train and ran back to Bearmouth where communication was had with the superintendent and the sheriff's office at Missoula. A posse was immediately summoned and an engine, a car of horses and Superintendent Thalmer's private car were soon on its way to the scene.

TEXAS COTTON.

Doubt Expressed as to its Being from Seed Planted This Year.

By Telegraph to the Morning Star.

NEW ORLEANS, June 17.—One of the bales of new cotton produced in Cameron county, Texas, was received here to-day by H. & B. Beer from Galveston. Some doubts are expressed by members of the Cotton Exchange as to its proper designation. The main impression seems to be that it is made up of "volunteer" or stubble cotton and not from cotton planted this year. The date of the receipt of the first new cotton last year was August 10th.

VICTIMS OF THE SLOCUM DISASTER.

Divers State That There Are Many Bodies Still Under Timbers in the Wreck.

SO FAR HAVE RECOVERED 559.

Coroner's Inquiry Will Begin Monday. Estimates as to the Number of Dead. The First Funeral—Thousands of Dollars for Relief Fund.

By Telegraph to the Morning Star.

NEW YORK, June 17.—Despite the untiring work of the divers and grapplers, and the watchfulness of scores of men who have given themselves over to the task of searching for the "missing," but few bodies of those who perished in the Slocum disaster were recovered to-day. It was stated by divers who went down into the wreck at dawn that there are many bodies still under the entanglement of timbers and paddle wheels and that it would be necessary to dynamite the hulk or raise it before they could be reached. To this end city officials communicated with a wrecking company, and an announcement was made that the company would undertake the work of bringing the wreck to the surface. Later, however, a conference between the marine insurance companies and the wrecking company ended in a disagreement, with the result that for the present at least the matter is in abeyance.

At this conference it was announced that the Knickerbocker Steamboat Company, which owns the General Slocum, had resigned all claims to the boat on the agreement that it should receive $70,000, the amount for which the boat was insured. The insurance companies and the wrecking company failed to agree on terms, and if the boat is raised at all the cost probably will have to come out of the city treasury.

Secretary Cortelyou, of the department of commerce and labor, will personally undertake the investigation into the disaster on behalf of the government. District Attorney Jerome's assistants are working energetically on the case and officials of the coroner's office have made considerable progress in the way of gathering evidence which will be presented on Monday, when the coroner's inquiry will begin.

There is in the coroner's possession a standpipe taken at his direction by a diver from the submerged wreck. The valve of the pipe is closed tight, showing that no use was made of this pipe in fighting the flames on the Slocum.

Statements were made to the coroner to day by several of the steamboat employes who will appear as witnesses at the inquest, that the captain of the Slocum sailed his boat a distance of between three and four miles after the fire broke out before beaching her. Several watches showed that more than half an hour had elapsed from the breaking out of the fire until the boat was run ashore; all the watches which were taken from bodies of the drowned stopped between 10:10 and 10:20 in the morning.

Estimates as to the number of dead still vary greatly, and this may be accounted for by reason of the failure to report to the proper authorities on the part of many who although officially registered as missing were in reality saved.

Already 559 bodies have been recovered, of which about fifty remain unidentified. These include 273 children, 243 women and 23 men. Thirteen officers of St. Mark's church are among the dead, one of them being a woman.

The first funeral from among the victims was held to-day. It was that of a young girl who is believed to have died of heart disease from fright. No signs of death from burning or drowning were found by those investigating. Her funeral was followed by a score of others, which were attended by thousands of persons from the East side community where most of the dead had lived.

To-morrow there will be 300 or more funerals, and thirty-two unrecognizable bodies, which are now lying at the morgue, will be placed each in a separate coffin and in a separate hearse and laid away in the Lutheran cemetery at Middlevillage, L. I. The city has arranged for their burial; a plot large enough for the interment of 250 bodies having been set aside in this cemetery. All the unknown dead will be placed here, side by side.

Many thousands of dollars have been subscribed to the relief fund. Within an hour or two after the subscription list in the mayor's office was opened $12,000 had been collected.

General Uhler, of Washington, supervising inspector general of steamboats; Collector Stranahan, General Clarkson, the surveyor of the port, and local supervising Inspectors Rodie and Dumont had a conference this afternoon and arranged for the inquiry into the Slocum disaster which has been ordered by Secretary Cortelyou.

The session was secret, but it was learned that the character of the life preservers and fire equipment of the General Slocum received lengthy consideration.

Collector Stranahan asked General Dumont to produce Inspector Lundberg, who had certified to the satisfactory equipment of the vessel.

General Dumont said that Lundberg was then appearing before Coroner Berry, but would be produced as a witness later. When Inspector Lundberg appeared before the coroner he was accompanied by counsel. The coroner asked him several questions about his work, which he answered.

"When did you last inspect the Slocum?" asked Coroner Berry.

"I decline to answer that question, by advice of counsel."

"On what grounds?" asked the coroner.

"On the grounds that it might tend to incriminate me," responded the inspector. That ended the preliminary inquiry.

The disagreement that has arisen with regard to the raising of the wreck has disturbed the district attorney. As soon as he learned of it he sent an assistant to the Knickerbocker Steamship Company to ask that the company take some action in the matter.

Mayor McClellan, Police Commissioner McAdoo and Mr. Jerome are now investigating. If the responsibility can be fixed it will be done and the outcome of the examinations it is hoped by the district attorney will give some real information.

At midnight the authorities at the morgue made the official announcement that 559 bodies had been recovered. Of these, 517 had been identified and 32 of those remaining were charred beyond recognition.

Late in the day four bodies were recovered at North Brother Island by rescuers at work in boats and taken ashore. These were removed to the morgue and are included in the total.

The morgue officials only to-night discovered they had failed to account for the bodies of twenty-six men, women and children that had been identified at the Alexander avenue station on Wednesday within two or three hours after the accident and removed to friends and relatives. These brought the list up to five hundred and fifty nine recovered dead.

Secretary of Commerce and Labor George B. Cortelyou, who had a long conference with Robert S. Rodie, inspector of the second district of New York, after his arrival here, said today that he would give his personal attention to the Federal investigation of the Slocum disaster.

Mr. Cortelyou said that if it was found to be true that employes of the government have been criminally negligent in their inspection of boilers in New York harbor, the public can rest assured that no one will be spared, but the blame will be placed where it properly belongs.

"I want it thoroughly understood," continued Mr. Cotelyou, "that the Federal authorities will protect no one; but until it is demonstrated that some one has been lax in his duty, or worse, I will stand back of every one in the service."

Catastrophe in a Theatre Caused by a Cry of Fire Narrowly Averted.

By Telegraph to the Morning Star.

AMERICUS, GA., June 17.—A catastrophe that might have been terrible in its results was narrowly averted here late last night. The Americus theatre was packed beyond its capacity. Twelve hundred people, principally ladies and children, filled the building when an alarm of fire was given from without. Hundreds rushed for the single entrance which is twenty feet above the pavement and reached by a single wooden stairway. Efforts of police and teachers upon the stage were unavailing until the orchestra, with wonderful inspiration, struck up "Dixie." This served to restore quiet. In the stampede on the outer stairway, several women fainted.

WIRELESS TELEGRAPHY

To be Applied to All Vessel Reporting Stations of the Weather Bureau.

By Telegraph to the Morning Star.

WASHINGTON, June 17.—The Secretary of Agriculture has directed Chief Moore, of the United States Weather Bureau, to take steps to add wireless telegraphy to the present equipment of all vessel-reporting stations, so that in addition to reporting all vessels passing within range of the stations the craft further out at sea may be reported. This extension of the system affects both the Atlantic and Pacific coasts and the Gulf line. The service is to be performed at Nantucket, Block Island, Cape Henry, Cape Hatteras, Jupiter Florida, Key West, Port Eads, Galveston and at Pacific coast points.
